HAGUE FASTENERS LIMITED

STILL LEADING
WHILE OTHERS FOLLOW

Hague Fasteners was formed in 1973 to manufacture high quality fasteners, concentrating on non-standard sizes and exotic materials. We are approved to BS 5750 and our 'in house' quality assurance, efficient and experienced internal sales department, flexible highly skilled workforce, and quick delivery service ensures that from enquiry to delivery the quality and service will be unbeatable.

SERVICE

We manufacture small to medium quantities of non-standard or special sizes and have the facilities to hot forge, thread roll and machine cut. Because we hold large stocks of raw materials, currently valued at over £500,000, our flexible workforce are able to manufacture any type of fastener or turned part you may require, in any material to the delivery schedule you require.

QUALITY

Our quality control systems are clearly established and rigidly adhered to. We are suppliers to many energy related and hi-tech companies. Before despatch, all items are carefully inspected and where necessary can be supplied with full mechanical or chemical analysis certificates. Our expertise with the more difficult materials, sizes, plating and heat treatment is second to none.

DELIVERY

We always deliver to your requirements. Whether you need it in 7 days, 14 days or even within 24 hours, you tell us when you want it and it will be there!

24 HOUR TROUBLESHOOTING

We are able to manufacture 24 hours a day, 7 days a week, 52 weeks of the year. This is no idle boast. If you need fasteners at short notice, any time of the day or night, with a quick delivery required Hague Fasteners are the people to call.

WHEN YOU NEED US WE'LL BE THERE
