- Reverse Engineering Of Your Samples
- Available 24Hrs a day, 7 Days a week
- Non-Standard Bolts & Items To Drawings

HAGUE FASTENERS LIMITED

ANY FASTENER, ANY THREAD, ANY MATERIAL, ANYWHERE, ANYTIME

Hague Fasteners is a privately owned company which was conceived in 1971. We are manufacturers of all types of threaded and milled special fasteners in many different types of material.

We occupy a specific niche in the Fastener marketplace, manufacturing and supplying the more difficult to obtain fasteners, the items that are not readily available from general fastener stockists. We manufacture any item that you cannot buy off the shelf.

Our considerable stocks of high integrity steel and Superalloy bars enable us to offer Standard, Modified Standard and Custom Designed Fasteners on a very short lead time, in hours where required.

HAGUE FASTENERS BREAKDOWN SERVICE

The Hague Fasteners Breakdown Service provides your buyers and engineers with an unrivalled delivery service where we can reduce costly downtime of your production plant and machinery.

Whatever item you want we can help you. Tell us your exact requirements and we shall meet them.

ANY FASTENER, ANY THREAD, ANY MATERIAL, ANYWHERE, ANYTIME

HIGH INTEGRITY SPECIAL FASTENERS IN CRITICAL ALLOYS SINCE 1971

CUSTOM SOLUTIONS

For decades we have manufactured critical components to Customers' exact designs and specifications, OEM Drawings, Customer Designs or by Reverse Engineering from existing samples.

MATERIAL SOLUTIONS

We manufacture in any material, from Plastics & Polymers through to Aluminium & Titanium Alloys, but most commonly in Quality Assured Carbon Alloys, Stainless Steels, Duplex & Super Duplex grades and Nickel Based Superalloys & Heat Resisting steels.

DELIVERY SOLUTIONS

From regular contract deliveries through to Critical Plant Breakdowns, we can provide the Delivery Solution for you.
